All the roads lead to L.A.
The place to meet Jesus
And make friends with Mary-Jane
If you've got music on your brain
Well here's the right place
To get into the game

Cause we all want the same
Yeah we all want the star with our name

All the roads lead to L.A.
You worshippers of sunshine
You Ceasers of the day
If you've got something to say
Here's room for everyone

Black, white, straight or gay

Cause we all want he same
Yeah we all want a star with our name

Yeah all the roads lead to L.A.
Let's drive into the desert
And dance the night away
Do you remember how to play?
Wake up kid inside you
And catch the next wave

Cause we all want the sam
Yeah we all want a star with our name

Welcome to L.A.
La-la-la...
