Anything but empty words  
Give it to me where it hurts  
Anything just tell me something true

Don't take me for some dumb ass flirt  
You see this girl, she knows her worth  
Whatever thing we never had is through

I'm no longer blinded  
By stories and lies  
Clearly now I see  
Right through your disguise

This is how I see it  
It's time to move on  
You had your chance and blew it  
And now it's gone, now it's gone

This time I really mean it  
Alone, I'll be strong  
How does it feel to lose this?  
Now it's gone, now it's gone

I know, I can't go on this way  
Too much time has gone to waste  
I gave my all and ended up with you

For sure you will regret this day  
I'm not some kind of girl you play  
Sorry but there's nothing you can do

Don't try to fight it  
I'm cutting all ties  
You don't have to like it  
Again I will rise

This is how I see it  
It's time to move on  
You had your chance and blew it  
And now it's gone, now it's gone

This time I really mean it

Alone, I'll be strong  
How does it feel to lose this?  
Now it's gone, now it's gone

I'm movin' on  
I'm movin'

This is how I see it  
It's time to move on  
You had your chance and blew it

This is how I see it  
It's time to move on  
You had your chance and blew it  
And now it's gone, now it's gone

This time I really mean it  
Alone, I'll be strong  
How does it feel to lose this?  
Now it's gone, now it's gone

I'm movin' on  
Movin' on  
I'm movin'
