See the devil on the doorstep now (my oh my)  
Telling everybody oh just how to live their lives  
Sliding down the information highway  
Buying in just like a bunch of fools  
Time is ticking and we can't go back (my oh my)

What about the world today  
What about the place that we call home  
We've never been so many  
And we've never been so alone

*[Chorus]*

You keep watching from your picket fence  
You keep talking but it makes no sense  
You say we're not responsible  
But we are, we are  
You wash your hands and come out clean  
Fail to recognise the enemies within  
You say we're not responsible  
But we are, we are, we are, we are

One step forward making two steps back (my oh my)  
Riding piggy on the bad boys back for life  
Lining up for the grand illusion  
No answers for no questions asked  
Lining up for the execution  
Without knowing why

*[Chorus]*

You keep watching from your picket fence  
You keep talking but it makes no sense  
You say we're not responsible  
But we are, we are  
You wash your hands and come out clean

Fail to recognise the enemies within  
You say we're not responsible  
But we are, we are, we are, we are

It's all about power then  
Take control  
Breaking the rule

Breaking the soul  
They suck us dry till there's nothing left  
My oh my, my oh my

What about the world today  
What about the place that we call home  
We've never been so many  
And we've never been so alone....

So alone

*[Chorus]*

You keep watching from your picket fence  
You keep talking but it makes no sense  
You say we're not responsible  
But we are, we are  
You wash your hands and come out clean  
Fail to recognise the enemies within  
You say we're not responsible  
But we are, we are, we are, we are

It's all about power then (we are)  
Take control (we are)  
Breaking the rule (we are, we are)  
Breaking the soul (we are)  
They suck us dry till there's nothing left (we are, we are)  
My oh my, my oh my

We are  
We are (its all )  
We are  
We are, we are (take control)  
We are  
We are  
It's all about power  
Then take control
