I would read between the lines  
If there were lines to read between  
I would learn my lesson twice  
If there was something there for me

But it's all up to you (I'm always right here)  
All up to you (What can you do?)  
All up to you (Always right here)  
All up to you

I'm slightly out of touch  
My hands can't feel the grip  
I've come a long long way now  
From the boy I used to be

But it's all up to you (I'm always right here)  
All up to you (What can you do?)  
All up to you (Always right here)  
All up to you

Don't look me in the eye  
Don't look me in the eye

The day snapped back so hard  
I've learned the hardest way  
It's all so brittle now  
So easily swept away

But it's all up to you (I'm always right here)  
All up to you (What can you do?)  
All up to you (Always right here)  
All up to you

Don't look me in the eye  
Don't look me in the eye  
Don't look me in the eye  
Don't look me in the eye
