Angelina come on  
It's not Babylon  
You have already won  
Don't waste your time on...

Angelina my friend  
Eating fire again  
They'll never understand  
How you move so easily  
And as far as the eyes can see

Like Virgin Mary with a social disease  
Out of the woodwork and into the trees  
She can walk in a straight line but she doesn't even  
wanna try

Angelina be fine  
So much sweeter than wine  
Pick the songs you like  
It's alright, you will find the...

Angelina be gone  
You're better off alone  
The sunflowers are gone  
Now it's down to the rules of the road  
You'll be fine, oh so fine now go, go

Like Virgin Mary and the sacred police  
Out of the woodwork and into the trees  
She can walk in a straight line but she doesn't even  
wanna try

Queen of the future with the key to the past  
She's got those moments of paradise  
She can fly like a bird but you know she doesn't even  
wanna take off  
Like sister Ray but more to the point  
Before you catch her eye she's out of the joint  
She can walk in a straight line but she doesn't even  
wanna try  
Goodbye
