I wake up I get up I get the feeling that I'm all alone
At sea in a storm swimming like a stone
And I call for you I need something to ease my mind
Be mine just mine stay until the end of time

Bughouse baby
I wanna be drugged by you
Just you and nobody else but you

The way you move is making my mind confused
Do what you like I'd love to be your guinea-pig
Put a wire to my head connect me to the power plant
Fill me up give me pain gimme gimme shock treatment
again

Bughouse baby
I wanna be drugged by you
Just you and nobody else but you

She's my baby and I love her
I will never have another
She electrifies my heart

I'm up I'm down I'm standing with my back to the wall
Repent reform give me anything at all
If I can't be with you pills will get me through
I'll stay 'til the day health do us apart

Bughouse baby
I wanna be drugged by you
Just you and nobody else but you...
