Well I went for the sun I was looking for some fun okay
I had some money in my pocket and I sure was willing
to pay
Every night was a thrill
I had so much mind to kill
But now I never wanna hear about Pigvalley Beach
again

Now I'm hanging around the station with my bottled
motivation all night
Somehow I get this funny feeling that nothing's gonna
be alright
The last days I've spent
In a small room with no rent
And I never wanna hear about Pigvalley Beach again

I just keep on running there will be no second coming
for me
Well I'm down to drinking doubles trying to keep away
my troubles you see
My so-called friends are gone
So how I can go on
And I never wanna hear about Pigvalley Beach again

I've got no money in my pocket and there's nothing on
the radio anymore
I'm just a shadow of a shade and I've got nowhere to
go oh no
I'm stuck here on the beach
My salvation is out of reach
And I never wanna hear about Pigvalley Beach again
I never wanna hear about Pigvalley Beach again
No I never wanna hear about Pigvalley Beach again
