White trash welfare cheque you gotta cash
Gotta 67 Chevy with an 8-track under dash
Step aside boyfriend takes you for a ride
Hair parted in the middle and feathered on the side

The boys all stop to see
See you dress for free
Yeah yeah you
You look so good in your halter top
Yeah yeah you
You ripped it off from the corner shop

Real fine in your Ford Econoline
With a really bitchin' mural of the BOC design
Quick trip cruising sunset strip
You thought you made the scene but your platforms
made you slip

The boys all stop to see
See you dress for free
Yeah yeah you
You look so good in your halter top
Yeah yeah you
You ripped it off from the corner shop

Bleached blond backyard parties 'till dawn
Your friends keep passing out to your favorite Trower
song
Kick ass ain't no class you're gonna pass
School can't last forever 'cause your parents buy your
gas

The boys all stop to see
See you dress for free
Yeah yeah you
You look so good in your halter top
Yeah yeah you
You ripped it off from the corner shop...
