I've been worried so long what I should do, you know
that
It's so hard to adjust not being with you, you know that
Kind of drag it appears to me
Waiting for you when you don't want me

But I'll wait, I'll wait

It's been so lonely since you've been gone, you know
that
Easy to see that something's wrong, you know that
I know what I lost when I lost you
Waiting here, waiting for you

I'll just wait, I'll wait

Can't have you
But I want to
It's so uncertain for me

I dream about you baby night and day, you know that
I won't be happy 'til I hear you say, you know that
That you want me back, you won't stay away
That's what I want, but until that day

I'll just wait, I'll wait, I'll wait, I'll wait
