"Kiss Of The Rat"

My baby's gone
What am I to do
She left me for the kiss of the rat
She left me for the kiss of the rat

My baby's gone
What do you think of that?
She left me for the kiss of the rat
She left me for the kiss of the rat

The rat was my best friend
I thought our love would never end
She left me for the kiss of the rat
She left me for the kiss of the rat

My baby's gone
What am I to do
She left me for the kiss of the rat
She left me for the kiss of the rat
She left me for the kiss of the rat
She left me for the kiss of the rat
What a rat
