Yeah, it's another day
They always seem to fly
You turn your back on loving me
I see it in your eyes (I see it in your eyes)

It's a little bit of madness (hey hey hey)
That's all I've got to say (hey hey hey)
With a little bit of sadness
You've taken your chances at losing everything that's
before you

Yeah, it's another year
They seem to pass me by
I close my eyes to everything
And all I did was cry (all I did was cry)

With a little bit of sadness (hey hey hey)
Here's what I've got to say (hey hey hey)
It's a little bit of madness
You're cool now, you rule now, you fool now
Who's gonna be there for you

On the way down
On the way down
On the way down
You're taking your chances at losing everything that's
before you

With a little bit of sadness
Here's what I've got to say
It's a little bit of madness
You're cool now, your rule now, you fool now
Who's gonna be there for you

On the way down
On the way down
On the way down
You're taking your chances at losing everything that's
before you

On the way down

On the way down
