I've been pushed around, I've been lied about
I've seen the bottom of the bottomless pit
I've been out on my own, I've been ripped and torn
But I've never been down on my knees

Going 'round and 'round in a circle line
It's about to break my back
I won't try anymore to be part of the game
'Cause there's not enough cards to play

Out of the void
I've never felt like this before

I've been stuck in this place for far to long
Now something's gotta give
So tell me a lie and I'll follow it down
Because anything's better than this

Out of the void
I've never felt like this before

What goes on in my mind?
I don't know what to feel
I don't like what I find
And I don't know what it means

I hate this place, I can't shake the taste
Gotta bring the hammer down
There's only one reason I'm still around
I can't find the exit sign

Out of the void
I've never felt like this before
