I'm going to the sun gonna have a lot of fun
Got some money in my pocket and some music on the
radio
Get ready to go!
I press the pedal to the metal and I'm welded to the
wheel
Do you wanna come along baby ? I've got a week to kill
Down at Pigvalley beach
That's where I get my thrills and I get them cheap

Yeah I'll be down on the beach
Wild on the beach

There's a party in the valley lots of beer and rock'n'roll
All the surfers gonna be there and some honeys will be
coming along
Let's get real gone!
We're gonna have a groovy time in the broiling
summer sun
It's gonna be the best party that you ever heard about
We're gonna scream and shout
Go out of reach
We're gonna do it loud!

Yeah I'm down on the beach
Wild on the beach...
Sick city here I come

There was a party in the valley lots of beer and
rock'n'roll
I had some money in my pocket and some music on the
radio
And I got real gone!
Well I've been drinking for a week and I haven't been to
sleep
My feet no longer seem to be connected to my head at
all
My mind's a black hole
What about the big party did it happen at all ?

Down on the beach

Wild on the beach...
Sick city here I come...
