You borrowed time Watcha gonna do?
You're going down Watcha gonna do?
There's no return Watcha gonna do?
You're gonna burn Watcha gonna do?

Ride the Jackhammer, ride the Jackhammer
You've got it all but you still want more...

You shut the door Watcha gonna do?
You're out of hope Watcha gonna do?
'Cause you've been bad Watcha gonna do?
Now you've been had Watcha gonna do?

Ride the Jackhammer, ride the Jackhammer
You've got it all but you still want more...

You're on your own now
You'd better run
You're all alone now
Well ain't it fun?

Ride the Jackhammer, ride the Jackhammer
You've got it all but you still want more...
