### "Rise Again"

Visit "[Rise Again](#)" on [MotoLyrics.com](https://MotoLyrics.com)

It's been going on for ages  
And somehow it never changes  
Read the signs through history  
Remember everything you see  
Think twice before you act  
'cause you're gonna start a chain reaction  
You gotta learn from your mistakes  
It's gonna hit you hard some day

I don't know how I don't know when  
But it will always rise again

You'd better watch out where you're going  
You'd better think about what you're doing  
We're all affected by the past  
You can't deny it it's matter of fact  
Think twice before you act...

I don't know how I don't know when...

You'd better watch out where you're going...

I don't know how I don't know when...
