Wow man! you haven't seen the worst
All the bubbles are about to burst
Get out of my way Hey! step aside
I'm on my way to paradise
Nothing for dinner nothing for lunch
We're not moving fast enough
Oh! I'm hungry I wanna get fat
I've got no time to waste

You gotta kick down doors if you haven't got keys
I don't have 'em no not me
Don't wait for my return
I've got a bridge to burn

I'm a skyscraper second to none
Too much is not enough
Nothing comes to those who wait
I don't believe in luck

I want too much No!
Too much ain't enough

I don't take cards I love cash
Hand it over and make it fast
Give it to me give it to me I can't wait
Another day and it's too late

I'm a skyscraper...

You gotta kick down...

I'm a skyscraper...
