"Someone Got Shot"

Visit "[Someone Got Shot](#)" on MotoLyrics.com

(Someone) He had a car and he had a job
(Someone) He had a wife two kids and a dog
(Someone) He used to work at the factory
(Someone) Now he's a front page mystery

Anything can happen here It happens everyday
I know 'cause I read all about it in the news today

Someone got shot today...Shot!

(Someone) He felt safe inside the crowd
(Someone) He was here but now he's gone

Anything can happen here It happens everyday
I know 'cause I read all about it in the news today

Someone got shot today...Shot!

(Someone) They say he was a wonderful man
(Someone) He took a walk and now he's dead

Anything can happen here It happens everyday
I know 'cause I read all about it in the news today

Someone got shot today...Shot!
