The Way Home SONG LYRICS

It took some time but now I'm sure this ain't the way
home

I've never been down here before this ain't the way
home

On the darkest roads I've ever seen this ain't the way
home

Where things are nothing like they seem this ain't the
way home

This ain't the way home

Distracted by the mystery this ain't the way home

Crushed by curiosity this ain't the way home

There were too many cracks in my defense this ain't
the way home

And I somehow lost my common sense this ain't the
way home

This ain't the way home

I don't know what I'm looking for

And now I'm on my own

I won the battle but I lost the war and this ain't the way
home

This ain't the way home

This ain't the way home

I might have failed but at least I tried this ain't the way
home

I kept my blue eyes open wide this ain't the way home
Well I guess somehow I should have known this ain't
the way home

At times like these you're on your own this ain't the way
home

This ain't the way home

This ain't the way home

I don't know what I'm looking for

And now I'm on my own
I won the battle but I lost the war and this ain't the way
home
This ain't the way home
This ain't the way home

This ain't the way home
This ain't the way home
This ain't the way home
This ain't the way home
