You try so hard to save my sanity
You crawl you lie for the sake of vanity
It's not the last time and you know it's not the first
But everything you do will only make it worse

No I don't need help from you
I can destroy myself
I don't need help from you
I think you know too well
You're only pouring water on a drowning man

You say I'm lost without your helping hand
No way it's sad you just don't understand
I'll give you nothing and want nothing in return
I'll make my own mistakes and that's the way I learn

So I don't need help from you
I can destroy myself
I don't need help from you
I think you know too well
You're only pouring water on a drowning man

Well I'm gonna do it on my own
And that's the way it's got to be oh yeah
I can't tell you who I am because I am still a mystery to
me

I roll the dice it's all a game to me
Don't need advice don't want security
I'm doing what I want yeah I can be the creep
I'm making promises I don't intend to keep

No I don't need help from you
I can destroy myself
I don't need help from you
I think you know too well
No I don't need help from you
I can destroy myself
I don't need help from you
I think you know too well
You're only pouring water on a drowning man
