What do you want? I'm waiting for your secrets to  
unfold  
What do you want? I'm trying hard but I am never sure  
What do you want? I'll never know if I am never told  
What do you want I don't know what you're trying to say  
And I can't seem to figure it out on my own  
If I really need to know

What do you want? I'm gonna turn my back on you and  
walk away  
What do you want? I'm a normal guy I love pleasure  
more than pain  
What do you want? I don't wanna burn I'd rather fade  
away  
What do you want? Can someone tell me what it's all  
about  
'cause I can't seem to figure it out on my own  
And I really need to know

What do you want?...

What do you want? I don't understand you and I don't  
have time to wait  
What do you want? So I close my eyes and I'm a million  
miles away  
What do you want? I'm gonna take a real good look  
inside myself  
What do you want? I don't know what you want from me  
And I can't seem to figure it out on my own  
Do I really need to know yeah

What do you want?...
