White trash welfare cheque you gotta cash
Gotta 67 Chevy with an 8-track under dash
Step aside boyfriend takes you for a ride
Your hair parted in the middle and feathered on the
side

The boys all stop to see
See you dress for free
You ripped it off from the corner shop
You look so good in your halter top
Yeah yeah yeah

Real fine in your red Ford Econoline
With a really bitchin' mural of the BOC design
Quick trip go out cruising sunset strip
You thought you made the scene but your platforms
made you slip

The boys all stop to see
See you dress for free
You ripped it off from the corner shop
You look so good in your halter top
Yeah yeah yeah

Bleached blonde, backyard parties 'til dawn
Your friends keep passing out to another Trower song
Kick ass ain't no class you're gonna pass
School can last forever 'cause your parents buy your
gas

The boys all stop to see
See you dress for free
You ripped it off from the corner shop
You look so good in your halter top
Yeah yeah yeah
