I'm here now
I'm doing the best I can
Where are you now?
Did your dreams come true?
Here we go

Get out, Get out
SPARKING
Get out
SPARKING

What does the word "peace" mean?
There should only be a smiling face?
Answer me, reticent God
But the sun rises again
When will that time return?
Swear you won't give up

Break out
Everything day by day
Freak out
Anything step by step
Live the Sin and Let me know Live the Sin
Break down
Make my story
Get down
They are called history
My Heartbeat gonna be faster
Shout, Shout, Shout, Shout Soul

Destiny or deadly
I don't care which one's walking this way
They're nothing together
What if I go back to zero?

Get power of infinity
All men together make one man at the time of an
important decision
Please do not lose your vision
You're the one. Show me only your dance in earnest
Even if wrapped in darkness

Light is beyond the horizon

SPARKING

Believe your own energy

SUPER KING

Get by my hands

SPARKING

Now, Open your wing

SUPER KING

You can do it

Get up, Get up, Get up, Get up, Get up

Take it to the top of the world

SPARKING!
