Move Away - Savage Radio
I'm sitting here in a lonely room
Faking smiles and taking glances
Wondering if someone will wait for me

Troubled eyes and lonesome skies
Through a rain that never dies
Then you came into my life
And made my whole life new

I'm glad that I met you
And your smile gives me the strength everyday

So don't move away I say to you
I'm enchanted to met you
Your the World that I fell through

Don't move away please stay with me
I just want you to know
That I'm in love with you

I never thought someone like you
Will come into my life of blue
You're like the Star that Shines
And made my dreams come true

I'm glad that I met you
And your smile gives me the strength everyday

So don't move away I say to you
I'm enchanted to met you
Your the World that I fell through

Don't move away please stay with me
I just want you to know
That I'm in love with you

I'm glad that I met you
And your smile gives me the strength everyday

So don't move away I say to you

I'm enchanted to met you
Your the World that I fell through

Don't move away please stay with me
I just want you to know
That I'm in love with you
