Wake up my Sunshine, it's a brand new day
Oh, I'll wipe that blurry eyes and kiss that tears away
Good Morning, How's your sleep last night?
I will make the darkness go away and bring you the
light

Darling I hope that I can make you smile
For a while just leave your worries behind

And Will dance into the morning light
So bright, it will warm our hearts
Just leave all your troubles behind
Fell the Bliss of Happiness
Embrace the World and open your eyes

Get up My Sunshine, Don't let yourself go down
Oh, let that hope yours soar into the skies
How are you, are you feeling well?
Just smile and laugh coz the World is just a funny place

Darling I hope that I can make you smile
For a while just leave your worries behind

And Will dance into the morning light
So bright, it will warm our hearts
Just leave all your troubles behind
Fell the Bliss of Happiness
Embrace the World and open your eyes

When the night is coming down (Oh, I'll kiss you
without a sound)
Would you sleep tight tonight (I will be here by your
side)
Forever, So lets face the new tomorrow with a smile

And Will dance into the morning light
So bright, it will warm our hearts
Just leave all your troubles behind
Fell the Bliss of Happiness
Embrace the World and open your eyes

Lalala lalalala lalala
Oh My Darling would just Smile...
