(feat. Ja Rule, Nate Dogg)

[Ja Rule]  
Yeah, heh

[Mariah (Ja Rule)]  
I never (who would've thought baby)  
Thought I'd be (missin' you baby)  
Without you (I need you baby)  
By me (why me?)  
I never (who would've thought baby)  
Thought I'd be (missin' you baby)  
Without you (I need you baby)  
By me (why me?)

[Ja Rule]  
Love what your body does to me  
On me, askin' me, off that ecstasy  
Reminisclin' how we used to smoke and freak  
Then fall asleep, lockin' for a week  
Now we barely even talk and walk the block  
Kiss and cuddle up, girl we losin' touch  
What's a man to do but go crazy babe?  
I know you mad but you don't really hate me babe  
It's deeper than that, now

[1 - Mariah]  
Baby if we got together again  
Sugar I'ma be your very best friend  
I would love you unconditionally  
You're never gonna let me go baby

Promise I will be by your side  
I'll be everything you need to get by  
What I broke you know we finally mend (?)  
Baby if we got together again

[Nate]  
Sometimes I close my eyes and just pretend

What if I had a chance to do it all again?  
Sometimes for happiness we hesitate  
Just like the game, I need the love, won't wait  
And if I had another best friend  
What if I had someone on whom I could depend?  
Someone who makes me feel like you used to  
Tell me baby, what would you do?

[Repeat 1]

[2 - Mariah (Ja Rule)]

Baby if we got together again (who would've thought  
baby)  
Sugar I'ma be your very best friend (missin' you baby)  
I would love you unconditionally (I need you baby)  
You're never gonna let me go baby (why me?)

Promise I will be by your side (who would've thought  
baby)  
I'll be everything you need to get by (missin' you baby)  
What I broke you know we finally mend (I need you  
baby)  
Baby if we got together again (why me?)

[Ja Rule]

Why would you wanna go through the pain?  
The lovin' another name  
The truth is nobody can love you like I can  
It's a damn shame  
We can't even get along  
We used to get it on, where'd it all go wrong?  
I admit, the flesh is weak  
But the game is strong  
We go my way, your way baby, we movin' on  
It's true, gon' miss you  
Who would've thought I'd be without you?

[Mariah (Ja Rule)]

I never thought (baby there's nothin' to lose)  
Thought I'd be (you know my soul's so cold)  
Without you (and my love is pain)  
By me (spit it one more time)  
I never thought (my baby)  
Thought I'd be (pride and joy)  
Without you (I'ma make you mine)  
By me (no doubt, whoa)

[Repeat 1]

[Repeat 2 to fade]
