Chorus:

So far So far slipping away away
Slipping away from the life and the love we made
Baby I'm so afraid
So far so far slipping away away
You're slipping right out of my grasp and you're
Fading fast

It seems you know you're slipping away from me
I keep on reaching
And I
I keep on trying
But you never even hold me
And it seems like you don't know me baby
I keep on yearning

And I
I guess I'm learning
That its just a losing fight
Cause there's no passion
In your eyes

Chorus

I keep denying that our
Our love is dying
But its all a big charade
And it's a fruitless game to play
I can't remember when you
You last were tender

And it's always touch and go
The silence chills me to the bone

Chorus

Away away away away away
Further Further
You're so far
Time after time when I reach for you
I try and I try but you're so aloof

Where is the boy that you use to be
Baby you're slipping away from me

Time after time when I reach for you
I try and I try but you're so aloof
Where is the boy that you use to be
Baby you're slipping away from me

So far So far slipping away away
Slipping away from what we had
Truly I just don't understand

You're so far
So far so far slipping away away
You're slipping right out of my grasp and you're
Fading so fast

It seems you know you're slipping away from me
Time after time when I reach for you
I try and I try but you're so aloof
Where is the boy that you use to be
Baby you're slipping away from me

Chorus
