"Vanishing"

If I could recapture
All of the memories
And bring them to life
Surely I would
Hear the distant laughter
Wasn't it you and me
Surviving the night
You're fading out of my sight
Swiftly
[Chorus:]
You're vanishing
Drifting away
You're vanishing
I was so enraptured
No sensibility
To open my eyes
I misunderstood
Now you're fading faster
It's suddenly hard to see
You're taking the light
Letting the shadows inside

Swiftly

[Chorus]

Reaching out into the distance

Searching for spirits of the past

Just a trace of your existence to grasp

And if somehow I could recapture

All of the memories

And bring them to life

Lord knows I would

But now you're fading faster

Getting so hard to see

Taking the light

Letting the darkness inside

Swiftly
