She Wants Revenge
"Black Liner Run"

Run run run would you wear that black liner baby

Run run run
Run run run

I read your every entry
I read your secrets and didnÂ't sleep
They say youÂ'll never let me see your face
Wish me luck then laugh at this sad case

My friend is on the phone
Whining crash lights
Says you can stay at mine
Pleasant dreams sleep night light
An anime with perfect lacerations
He donÂ't wanna see
ItÂ's becoming a sensation

She never leaves her home but sheÂ's real sweet
Got her own style, leaves the windows real wide
Crosses her fingers after so many years
Mascara runs through the tracks of her tears

Run run run would you wear that black liner baby
(Still itÂ's nice to wish)
Run run run would you wear that black liner baby
(If he understands)
Run run run would you wear that black liner baby
(This could never be)
Run run run would you wear that black liner baby
(Still heÂ's making plans)

I caught a death when I signed on

I saw your pictures and couldnÂ't eat
I swear you were sent here just to tease
And you smiled back in between asterisks
My heart is on my sleave when I write you
These incidents lead to dead ends
Surely they excite you
Or did you know?
Is it your typing blindly

Choose a public place darling
WonÂ’t you let me find thee

He leaves cats eyes after poems
So she knows who heÂ’s speaking
When sheÂ’s reading it alone
SheÂ’s waited eagerly but will she embrace
In bloodied hands
Her new lovers face

Run run run would you wear that black liner baby
(Still itÂ’s nice to wish)
Run run run would you wear that black liner baby
(If he understands)
Run run run would you wear that black liner baby
(This could never be)
Run run run would you wear that black liner baby
(Still heÂ’s making plans)

Run run run would you wear that black liner baby

Run run run
Run run run
