In a blind situation  
So many things are running through my mind  
In a blind situation

Should I, Should I, Should I, Should I  
Should I, Should I?  
Should I, Should I, Should I, Should I  
Should I, Should I?  
Should I lie?

It's a blind situation

Sometimes I wonder where my life's at  
And if it's a song is it the right track  
My sanity feels like a weak box  
I'm too weak to fight back  
Away from home where I grow  
My regular zone now  
It's hotels and fold girls with cellular phones  
The voice in my head is a talker and the fellow just  
roams  
If you call my souls operator  
It'll tell you I'm gone  
I'm hurtin' ya'll  
I really feel it

My world requires a big disguise  
It's a blind situation  
Leaving you was my sad surprise  
It's a blind situation

Should I, Should I, Should I, Should I  
Should I, Should I?  
Should I, Should I, Should I, Should I  
Should I, Should I?  
Should I lie?

(Rap By D.R.U.G.S)

It used to be about diamonds  
Now it's walkin' on clouds with silver linings  
Seeing Jesus on the stone throne shinin

Or is it that second hand weed smoke from my friends  
combining?  
It's ill, friends get killed  
Pain has precise timing  
I really feel it

Sometimes I sit alone at night  
In a blind situation  
So many things are running through my mind  
In a blind situation

Should I, Should I, Should I, Should I  
Should I, Should I?  
Should I, Should I, Should I, Should I  
Should I, Should I?  
Should I lie?  
(Repeat To Fade-Out)
