So there
You got me in your clutch again
So there, so there
I love your touch and that voodoo that you do so well
It's got me spinning around and round
So let me in your world
Let me in your world for a while
Let me in your world so I can sing to you
Oh no, you got me going crazy for you baby
Oh no, you made me go insane for you baby
So there
You got me in your clutch again
And this living is strange
We count our feelings in yesterdays
But is that how you keep your clutch baby?
Is that how you keep it darlin'?
So, let me in your world
Let me in your world for a while
Let me in your world so I, I can sing to you
Oh no, you got me going crazy for you baby
Oh no, you made me go insane for you baby
Oh Oh Oh Oh Clutch Again
Oh Oh In your clutch again
Oh Oh no, you got me going crazy for you baby
Oh no, you made me go insane for you baby
Oh whoa Oh whoa Oh whoa Oh No say
Oh whoa Oh whoa Oh whoa Oh No
You got me, You got me in your clutch, You got me
Oh whoa Oh whoa Oh whoa Oh No Oh whoa Oh whoa
Oh whoa Oh No
