I promised you romance and a safe place to hide
Told you I'd give you everything, always stand by your
side
I'd break all my promises if you'd just say we're not
done
'Cause you must be the one

I could tell when you walked in, the scent of your
clothes
Now you say you met someone, wanna see how it goes
But it don't have to end now, you and I were not done
'Cause you must be the one

And I don't want you to walk away
You must be the one, you must be the one
She says I don't need anyone
No, I don't need anyone but you

Said you're sticking around now, it was all a mistake
Though my heart is resilient, there's only so much I can
take
It's out in the open and the damage is done
Still you must be the one

And I don't want you to walk away
You must be the one, you must be the one
She says I don't need anyone
No, I don't need anyone but you

You must be the one, so I'll say goodbye
You must be the one, so I'll say goodbye
You must be the one, so I'll say goodbye
You must be the one, so I'll say goodbye
You must be the one, so I'll say goodbye

She says I don't need anyone
No, I don't need anyone
I don't need anyone
No, I don't need anyone but you
