Open your eyes and see me  
Tell me it's not too late  
Whisper to me of a sad song  
Weighing us down in shame

I always said I believed you  
You told me that was so cliché  
And with every kiss, I resented you  
Because your feelings never got in the way

I know that you never loved me  
I know that you never cared at all  
Maybe just one more dance 'cause  
That's as close as we're gettin' to a true romance

Open your heart and feel me  
Tell me you don't feel the same  
I dig down deep for forgiveness  
And still you're busy placing a blame

This is isn't about right or wrong now  
It's not about wasted time  
I should've payed closer attention  
But I didn't bother reading the sign

I know that you never loved me  
I know that you never cared at all  
No, my love, we can't be friends  
Infact I liked you much better when you just pretend

I know that you never loved me  
I know that you never cared at all  
Maybe just one more dance 'cause  
That's as close as we're gettin' to a true romance

Open your arms and hold me  
Tell me it'll be alright  
Tell me the thing you've never told a soul  
That keeps you up at night

When could you tell it was over?  
When did you turn on me?

I'd cry if I thought it would change your mind  
Cry for the girl I hoped you'd be

I know that you never loved me  
I know that you never cared at all  
No, my love, we can't be friends  
Infact I liked you much better when you just pretend

I know that you never loved me  
I know that you never cared at all  
Maybe just one more dance 'cause  
That's as close as we're gettin' to a true romance
