[Diamond Shell]

Now here's the thing - it's Friday and I'm out to swing
Talkin to all the fly girls, me and my ding-a-ling
(mmhmm)

I check the dollars in my pocket, and park my ride
I scope a club up and down, I guess I'll step inside
Now once I'm inside the club, hey yo the scene's aight
All the fellas is dookied down and the girls was HYPE
Not two minutes inside the door but conversation is still
deep

I'm talkin to this girl I met on the ave last week (I speak)
Hey love, how you doin, what's your name? I'm Shelly D
Forget the small talk, wanna spend the night with me?
We step off to my car, and yo, off with the clothes
Y'all know what comes next (What Shell?) Foggy
windows

Chorus: Biz Markie {*singing off-key, like always*}

Oh what a night!
LA-DIES KNOW his name is Shelly D
And ev-erywhere he go he rocks with me
but now he's innnn for a night
.. hit it Shell!

[Diamond Shell]

Now on Sunday, some rest, they sit around and they
bored

But some get dressed up and go to the house of the
Lord

Now me I'm at the mall and yo y'all know how that is
Crowds of people is out there sweatin me cuz my
brother is Biz

People ask me questions like, "Hey Shell, where is the
Biz?"

I say - it wasn't my turn to watch him, I don't know
where he is

And hey - I'm not his father, and Biz ain't got no keeper
If you want to find the Biz Markie then try usin his
beeper

"Suppose he doesn't call us back, where can we reach

the B?"

Try 1-900-The-BIZ-MARKIE

From the pack of knuckleheads I step off from the scene

Two stores down the mall I spot tight biker jeans
I step up, I introduce myself, my famous way of strikin
Hello, my name is Shell and yo I really like your bikers
She laughed, she kinda smiled, she said, "What can I say?"

I said how about your name? She said, "My name is Terae"

She fell quickly under the spell of ladyslayer Diamond Shell-a

I grabbed for her hair she shook just like Jell-o
No force or hesitation we went right to my place
We walked in, she disrobed, I kissed her face
I went to work on that booty like it was a chore
This was not the average Sunday or the average bore
- you know how that go, when you got a girl in the crib
- you know how that is

Chorus

[Diamond Shell]

Now it's Friday it's hot, the last day of summer school
but I can't break a sweat cause like V I'm Cool

Two minutes more, and I'm glad what I'm gonna be
cause like Social Studies, I'm History (see-ya!)

Now on my way to my crib I plan my weekend oh
wild nights, wild clubs and plenty of love

I'm thinkin to myself this weekend is gonna be great

What's next on the list? Hmm, a blind date

Now dressin my best to impress this blind date

Though I never seen her before somebody said she
look great

Don't get me wrong now, I don't believe those rumors
for jack

But yo, this one is factual cause Biz told me that (yeah
right)

I met the girl and guess what? She looked pretty aight

For the first time in a long time, Biz was right

We talked we planned our night out, and movie and
eats

And after the movie, she promised me a special treat

I drove her back to her house and she invited me in

She said, "Shell, brace yourself, the treat's goin to
begin"

We went into another room, she sat me on the couch

Unbuttoned my shirt, and then she kissed my mouth

She pushed me down and licked my stomach, my heart
started to zing

"What happened next Shell?" She did that +NASTY+ thing

Chorus: Biz Markie {*still singing off-key* }

Oh what a night!

LA-DIES KNOW his name is Shelly D

And ev-erywhere he go he rocks with me

but now he's innnn for a night

.. yo yo whydon'tcha hit the high note

OH WHAT A NIGHT!

LA-DIES KNOW his name is Shelly D

And ev-erywhere he go he rocks with me

but now he's innnn for a night

Now, now, now he's innnn for a night

What, what, what? Now he's innnn for a night

.. yo hit the high note one more time, c'mon aight

OH WHAT A NIGHT!

LA-DIES KNOW his name is Shelly D

And ev-erywhere he go he rocks with me

but now he's innnn for a night

Now, now, now he's innnn for a night

Now, now, now he's in-n-nn for a night-ight-ight-ight..
