One love one shot
It's all we ever got
Girl you got me started
Now I'm not gonna stop
Now slide along side yeah baby that's right
I'm gonna show you the time of your life
Oh girly girly come and dance with me
Move that naughty body come close to me
Now slide along side yeah baby that's right
I'm gonna show you the time of your life

This is it love
It's what dreams are made of
But its still up to us to feel the rush
To pursue all the things only Gods can touch
I wanna meet the odds with royal flush
To fall
I gave my all
But it wasn't enough
I'm never giving up I found life
So I've gotta live it up
And life is too short for war
What can I say to show theres more
With people slammin doors in my face and what for
That aint the way to gain plays
By making the same mistake day after day
I gotta slide man get away the smile on my face its a
sunny day girls and drinks and more drinks
Come to think
For such a big place its a small world
For such a rat race i still got faith
And anything goes still I got to say life has its ups and
downs but I love it anyway

One love one shot
It's all we ever got
Girl you got me started
Now I'm not gonna stop
Now slide along side yeah baby that's right
I'm gonna show you the time of your life
Oh girly girly come and dance with me
Move that naughty body come close to me

Now slide along side yeah baby that's right
I'm gonna show you the time of your life

Hey pretty girl pretty girl its on
We gonna dance like boogie come on
Do it all night long
Let it go ain't no holding back now

Gotta slide pretty baby that's right
There's nothing I can't do with you by my side
There's nowhere we can go that we wouldn't show 'em
up
I gotta an appetite for destruction
Livin life that's right
She's daddy's little angel but she wasn't last night
Now these are the breaks yeah baby that's right
Now I got you, yeah I got you baby
I want your body and you drive me crazy
It's hard to resist such a sexy lady
Come with me you'll have the time of your life
You want to set the mood I guess the timing is right
And it takes two to make a thing go right
But what's it gonna take to take you home tonight

One love one shot
It's all we ever got
Girl you got me started
Now I'm not gonna stop
Now slide along side yeah baby that's right
I'm gonna show you the time of your life
Oh girly girly come and dance with me
Move that naughty body come close to me
Now slide along side yeah baby that's right
I'm gonna show you the time of your life

You're gonna shine like a sunny day
All you girls comin out and play
If you want you can slide my way
Let me hear you say heeeeyyy
