She hears what i'm thinking, and she also knows  
What i'm going to say before i do  
Slip back in my old ways whe she's not around  
Drinking tim the sun rises anew  
We are one, my dear, i'd like to say to you  
Keep my wings around you all the time  
I am not the same boy that i once was  
Nowadays i'm so hard to find  
You make me happy, there's nothing else i can be  
You make me feel, there's only you and me  
You made me love you, with everything you are  
I need you
