You're the light in the soul,
a lifeline through it all.
You connect me when I'm gone,
out on my own,
I'm never alone,
when i'm out of control.

Cause you will always remind me that,
that all of this is just imaginary, and
and you will always be there
when I need someone to show me,
that i'll never be alone.

Read the lines you said,
now you're on your knees again.
But you're never alone,
when you're out on your own,
and out of control.

Cause you will always remind me that,
that all of this is just imaginary, and
and you will always be there
when I need someone to show me,
that i'll never be alone.

And I'm on my way, please believe it,
just another day where you are,
cause you know that it's written in the stars.

Cause you will always remind me that,
that all of this is just imaginary, and
and you will always be there
when I need someone to show me,
that I'll never be alone.

And you will always remind me...
(I'll never be alone...)

And you will always remind me that.
