INTERCONNECTOR

Tell me it's the same

You can't win if you don't play the game

But your fake rebellion

Is just so fuckin' annoying

My big heros a garbage collector

A big hair - an interconnector

He not waiting for the next big thing

He got the class bullshit protector

Yeah - we got something to prove

Yeah - we got something that's true now

I hope you're getting it too

Got nothing better to do

Then again - keeping kiddies safe

The false image of men

I just gotta tell ya

Shit from an interconnector

Im getting into the mini

Driving away

Because me and my TV

Ran out of something to say

What's to say?

Yeah - we got something to prove

Yeah - we got something that's true now

I hope you're getting it too

Got nothing better to do
