You better run as fast as you can,
'cause this passenger's not a happy man,
Start running just as fast as you can

You say, you need a friend,
hey, well so do I,
But this passenger's just passing by,
Passenger is just passing?
Bye.

At your age and stage you should understand,
But you don't care you got a master plan,
Fuck, fuck, fuck 'em all and take what you can

A freezing cold stare and a flick in the eye,
Passengers just passing by [x3].

To walk on water you'd sink in the ice [x4].

You're holding everything inside,
you're holding everything inside [x2].
Don't it feel good just to be alive,
still holding everything inside?

You don't know what you want,
So you take what you can,
Still don't make you a happy man,
Start running just as fast as you can.

A freezing cold stare and a flick in the eye,
Passengers just passing by [x3].

To walk on water you'd sink in the ice [x2],
For all things gained there's a sacrifice,
To walk on water you gotta sink in the ice.

You're holding everything inside,
you're holding everything inside [x2],
And don't it feel good just to be alive?
Don't it feel good just to be alive?
You're still holding everything inside.

And you don't know what you want, do ya?
?know what you want, do ya?
?know what you want?
?what you want?

You're holding everything inside,
you're holding everything inside,
You're still holding,
You're holding everything inside,
you're holding everything inside,
You're still holding.
Don't it feel good just to be alive?
Don't it feel good just to be alive?
Don't it feel good?
You're still holding everything inside,
Everything inside.
