(Carole Boyer Sager/Bruce Roberts/Bette Midler)

Baby won't you come and take me by my hand  
Won't you come and take me for a ride  
We almost got to Disneyland one night  
It was abandoned in the light  
And then the wind blew in Whisperin"  
Some folks are not meant to win  
Tell me how would you like it  
Say would you like it  
Close your eyes and maybe we could roll away again  
Tell me how would you like it  
Say would you like it  
If you and I were crazy we would  
Steal away again

Baby won't you come and take me to the sea  
We'll find ourselves a ship that is heaven bound  
We almost sailed away one pearly dawn  
But in the light of early morning  
Ooo the wind blew in Whisperin  
Some folks are not meant to win

Tell, me how would you like it  
Say would you like it  
Close your eyes and maybe we could roll away again  
How would you like it  
Say would you like it  
If you and I were dumb enough  
We would steal away again
