Blows, and flows of angel hair,
And ice cream castles in the air
And feathered canyons everywhere
I've looked at clouds that way

But now they only block the sun,
They rain and snow on everyone
So many things I would've done
But clouds got in my way

I've looked at clouds from both sides now
From up and down and still somehow
It's cloud's illusions I recall
I really don't know clouds at all

Moons, and tunes and Ferris wheels
The dizzy, dancing way you feel
When every fairy tale comes real
I've looked at love that way

But now it's just another show
You leave them laughing when you go
and if you care, don't let them go
Don't give yourself away

I've looked at love from both sides now
From win and lose and still somehow
It's love's illusions I recall
I really don't know love at all

Tears, and fears, and feeling proud
To say I love you right out loud
Schemes and dreams and circus crowds
I've looked at life that way

But now our friends are acting strange
They shake their heads and say I've changed
But Some things lost, and some things gained
In living everyday

I've looked at life from both sides now

From give and take, and still somehow,
It's life's illusions I recall
I really don't know life at all

At allâ€¦!
