Her- Burn her,
Let's make her into a martyr because we split her
breast
And she's disheartened, dismayed, disemboweled
The dead princess lay screaming and her cunt's ripped
The dead princess lay silent and her cunt's ripped
The dead princess lay screaming and her cunt's
ripped, ripped, ripped
The blood through the cloth wet with agony brain
bedlam beget and lo
She gives up the ghost almost
The dead princess lay screaming and her cunt's ripped
The dead princess lay screaming and her cunt's ripped
The dead princess lay screaming and her cunt's
ripped, ripped, ripped
The blood through the cloth wet with agony brain
bedlam beget and lo
She gives up the ghost almost
The dead princess lay screaming and her cunt's ripped
The dead princess lay screaming and her cunt's ripped
The dead princess lay screaming and her cunt's
ripped, ripped, ripped
