Life is a song meant to be sung
And dreams are the words that tickle your tongue
No time to lose
Singing the blues
Stuck in a memory
You get what you give
So let yourself live
And be what you're meant to be

Alright
Everything's gonna be so bright
Welcome to your destiny
Believe in yourself
The answers will come

Alright
Everything's gonna be so bright
Life is but a melody
Heaven knows heaven knows
You've waited so long
Soon you'll be singing your song

Don't be afraid
Just jump right in
Sometimes you lose
Sometimes you win
Make your mistakes
That's what it takes
For you to find your way
Trust in yourself
Nobody else
Knows what you want to say

Alright
Everything's gonna be so bright
Welcome to your destiny
Believe in yourself

The answers will come

Alright
Everything's gonna be so bright

Life is but a melody
Heaven knows heaven knows
You've waited so long

Ohh
This is your destiny
Ohh
Be what you're meant to be
Ohh
Keep your convictions strong
Ohh
This is your song

Alright
Everything's gonna be so bright
Welcome to your destiny
Believe in yourself
The answers will come

Alright
Everything's gonna be so bright
Life is but a melody
Heaven knows heaven knows
You've waited so long
And soon you'll be singing your song

Welcome to your destiny
Believe in yourself
The answers will come

Alright
Everything's gonna be so bright
Life is but a melody
Heaven knows heaven knows
You've waited so long
And soon you'll be singing your song
