You're like a guy on the phone in his Lamborghini
Talking to another female
While his wife is on the other line
He will never say he really really truly loves me
He just doesn't have time
You're like a friend but that was more like an enemy
An evil smile will get you anything you need
No body really knows you cause they just don't have
time.
There's only so much of this that I'm gunna take
You're wasting all my time.

Good-bye you suck
Never really liked you
No more what's up
Cause I don't care anymore
Good bye you suck
Cause I never really liked you
So long good luck
Good bye you suck

You like a bully at my highschool down the street
Living with the pain that is so damn hard to beat
She will never say she is really really truly sorry
She will never shine
You're like the phone call that I seem to get
20 times a day just convincing me to place a bet

I am not gunna answer
I am not gunna answer
There's only so much of this that I'm gunna take
You're wasting all my time.

Good-bye you suck
Never really liked you
No more what's up
Cause I don't care anymore
Good bye you suck
Cause I never really liked you
So long good luck
Good bye you suck x2

Good bye you suckx2

Yeah yeah yeah yeah yeah
Yeah yeah yeah yeah yeah
Yeah yeah yeah yeah yeah

You were so over rated anyway
Way to perfect for my taste
I wish I could've seen this long ago
The happy ending seeing you alone

There is so much more that I am gunna take.
You're wasting all my time.

Good-bye you suck
Never really liked you
No more what's up
Cause I don't care anymore
Good bye you suck
Cause I never really liked you
So long good luck
Good bye you suck x2

Good bye you suck x7
