Waking up from the shock, still dying from the night
before
So mad I can't speak, but I keep coming back for more
Did you see me there (looking back at you), did you
even care?

All the things you said to me, every lie that I believed
I can't erase the memory, I remember
Cut so deep I can't forget, loving you is my regret
I thought that I was over it, but I remember (I
remember)

I wanna shut it all out, I wish that this was all a dream (a
distant memory)
I try so hard to forget but it keeps coming back to me
(it's coming back to me)
I should leave I know (but I keep looking back) but I
can't let go
All the things you said to me, every lie that I believed
I can't erase the memory, I remember
Cut so deep I can't forget, loving you is my regret
I thought that I was over it, but I remember (I
remember)

I should've known you'd take it all away, shoulda known
you'd break my heart again
I should just forget it all but I remember

All the things you said to me, every lie that I believed
I can't erase the memory, I remember
Cut so deep I can't forget, loving you is my regret
I thought that I was over it, but I remember (I
remember)
