mamas prayin for brother john  
she needs him home, hes her only son  
but he lys dying on the bloody ground  
the was no parade, he was never found

the road to shiloh is paid with blood  
the road to war it isnt long enough  
the road is lonely ive never known  
the road to shiloh to take me home

when its all over all said n done  
did i fight or did i run  
to kill for glory live by the gun  
the battles over nobody won  
the road to shiloh is paid with blood  
the road to war it isnt long enough  
the road is lonely ive never known  
the road to shiloh to take me home

the road to shiloh...
