Boy... Don't push me, Boy... it's too late
C'mon put 'em up, So I can tear you down
I'm gonna beat you, bleed you
I'm gonna put you in the ground
Why'd you have to lie
Now you have to die
I'll break my foot off in your ass
Will you ever last
I don't think you'll live through this
You will never see my face
Your gone without a trace
No one will never even know your name
You look into my eyes
Then you slowly die... for this
Kill the body, and the head will fall
You will surely feel the pain
Of my anger's reign
I'll put my fist through your head
Leave you here for dead
You will never breath again
I want to hear you beg for your life
Even though it was all in vain
Now look into my eyes
So I can watch you die... for this
Keep my name from your lips
Don't ever fuck with me
Miscreation is my name, you shouldn't step to me
Kill the body, and the head will fall
Mother Fucker why, did you have to lie
I didn't want to do it, but I will
You're pleading to the priest
Who's about to break your will
Why'd you make me go and do it
I will build the gallows high
Watch you swing
Listen to the chimes of the death toll ring
Now look into my eyes
So I can see you die
Keep my name from your lips
Don't ever fuck with me
Erase my image from your mind

Don't ever speak of me
Keep my name from your lips
Miscreation's my name
You shouldn't fuck with me
I told you once
Told you twice
There's no in-between
Keep my name from your lips
Don't ever step to me
Miscreation kills
