We want it all
We want it now
We want it all and we don't care how
Sex, drugs, money... GO!
A no talent beauty queen
Just arrived on the scene
5 minutes of fame
And we forgot your name
Be honest baby, that's how it is
Everybody wanted you baby, everybody needed you
baby
Be honest honey, that's how it is
Everybody wanted you baby, everybody needed you
lady
How low how low can you go?
How high how high can you get?
How low how low will you go, how low will go till you sell
your soul?
You blew it lady, that's how it is
Well C'mon
Silicone in your tits
Collagen in your lips
You sold your soul
For a dollar you'll take off your clothes
Wink in the camera's eye
And then you spread your thighs
Congratulations girl you've made the big time
C'mon girl
How low, how low, how low how low will you go?
Sex tape, for free, just to get on T.V

She wants it all: YEAH!
She wants it now: NOW!
She wants it all and she don't care how
Take it off: YEAH!
Get on the floor: YEAH!
Let me hear you scream, MORE, MORE, MORE!
C'Mon
Spoon fed and Greedy
Televised in 3D
We sold our souls for a scripted identity

No clue what we need
Eliminate, eat, and breed
We blew it baby, I mean it big time
How low will we go until we sell our soul
How low will we go until we get so high
We want it all: Yeah!
We want it now: Now!
We want it all and we don't care how
Let me see your hands: YEAH!
Up in the air: AIR!
Now wave them like you just don't care
Raise your voice: YEAH!
For the world to hear: HEAR!
Scream it loud like you have no fear
Hold up your drinks: DRINK!
Hi in the air: YEAH!
Now pound em' down like you just don't care
Rip it off: Yeah!
Burn it down: DOWN!
