I see the graves
So dark, so silent
I see full moon
So bright, so violent
I want to fuck the corpse
Corpse of innocent
I dig cold earth
Yes, here is her coffin
Where was your god
When priest killed you
After brutal violent fucka
Your soul belongs to your god

Graveyard rats on her face
Dead yeys look in night sky

Graveyard rats want to eat
Want dead flesh want dead meat
Your flesh belongs to my dick
Silent lips, cold skin
