Brutal look on alcohol
We can drink till death
A ban on the sleeping still
This battles - our treasure chest

Drunkenness - hellish dreams
Drunkenness - kill the christ
Drunkard - fucking beast
Burning church - for you freaks

Black, alcohol, terror -
New order in christless world
True alcohol zombies
Is living in christless world
Drink till death
Kill the christians
For me and you
Churches in fire
Fuck till death
Torture the pussy and the ass
Drink, woman
Drink your pussy fucking ass
Now your drunk
Fuck whith dirty beasts
Now your sick
Burn your vagina

Black, Alcohol, Terror
