For as long as I remember
For as long as I've been blue
Every day since we've been parted
All I thought about was you

Didn't need the time for sorrow
Didn't need the time for pain
What am I supposed to do
When living without you
Is the worst I ever knew

In a moment like this
Wanna know,wanna know,wanna know what you're
looking for
Wanna know,wanna know,wanna know could you ask
for more
In a moment like this
Wanna know,wanna know,wanna know what I have to
do
Wanna know,wanna know,wanna know how to get to
you

Ever since the day you left me
Ever since you went away
I'm lost and I don't know
Where am I supposed to go
I still miss you so

In a moment like this...

When I need for you to hold me
Say you love and never leave me
My heart will forever be true

In a moment like this
